

# HEART OF *Hope* GALA

Dear Friends,

Since 2003 Hands of The Carpenter (Hands) has been providing automotive services across Jefferson County and into neighboring counties, and opened a second automotive repair facility in Aurora in 2022. Hands' mission is to offer hope to single women with dependent children, while providing automobile services, partnering in their efforts to be employed and pursue economic self-sufficiency. Women served in the programs need help and hope to maintain employment, care for their children, and remain independent and safe from past issues including abuse.

We write today asking you to join us in making the **2023 Heart of Hope Gala** a success. We are excited to announce that this special event will be held at the Mile High Station on October 6. The Gala is expected to attract 300 guests and will offer friends and supporters a fun evening, while providing an important opportunity to be involved in the Hands community and give hope to single moms who come seeking help with their vehicle crisis issues.

**There will be a silent auction, live auction, sweepstakes, and other donation opportunities for guests. Please consider helping us by donating a product or service from your business. All donations are greatly appreciated and will be recognized at the event.**

When women's cars are broken, we fix them. When they're beyond repair or the women don't own one, we find cars for them. Hands is the only organization in the area consistently and comprehensively offering these services. Without a reliable vehicle, single mothers and other women in need risk not being able to go to work, take their kids to school, or get to medical appointments. **Join us and make a difference today!**

Thank you for your consideration of this request. We are grateful for the opportunity to invite you to partner with Hands of The Carpenter to benefit the hundreds of women and children we will serve this year. We often say that the Hands community of Champions from businesses, churches, foundations, and individuals is the "fuel" for the women to stay on the road to self-sufficiency. Again, thank you for your consideration.

From the heart,

Gala Planning Team
